What is the organization’s policy on soy please provide link if available
→ As a retailer we strive for greater sustainability across our business through the sourcing of our products. We believe in a responsible soy production that does not harm nature or people. We support soy from sustainable, certified sources.

Operations related to soy

What is your organization’s annual soy footprint?
Please state direct use and indirect, in tonnes
→ Not calculated on a global basis

Do you have a system for calculating your (direct and indirect) production, purchase, trade or use of soybeans or derivatives?
→ Yes

What is the total volume of your (direct) soy use (beans, meal, oil, hulls, lecithin, derivatives).
Please specify per category and specify the scope, where relevant (national/international, own brands/all brands, etc)
→ Not calculated on a global basis

What is the total volume of your (indirect or embedded) soy use (beans, meal, oil, hulls, derivatives, e.g. in feed for animal products)
Please specify per category
→ Not calculated on a global basis but for five Lidl countries (Belgium, Netherlands, Sweden, Finland, Denmark). The calculation was validated by an external party. Soy credits were purchased in Direct Trade for the proportion of soybeans that was not yet sustainable.
